Emergency First Aid at Work (HSE approved course)

- Venue:** Your site (or TBA)
- Times:** TBA (Course takes up to 6 hours)
- Price:** £495.00 (plus VAT). The course price is for up to 12 students
- Who should attend?** Nominated Emergency First Aiders, or anyone wanting comprehensive first aid training.
- Course Philosophy:** This course is designed to qualify participants as Emergency First Aid Persons at Work. An Emergency First Aid Person is someone who is able to identify and administer the appropriate first aid procedures in the event of an illness or emergency incident in the workplace
- Course Syllabus:** Course content includes: Duties of an Emergency First Aid Person, incident management, initial assessment, management of the unconscious casualty, recovery position, CPR (adults), choking, shock, heart attack, angina, bleeding, burns, fractures, strains, sprains, epilepsy, seizures, diabetes, eye injury, contents of first aid kit, record keeping, accident reporting and common workplace injuries.
- Trainers**
- Qualifications:** Our HSE registered trainer is Emergency Services trained and holds qualifications in teaching and assessing. He has many years practical experience in First Aid and Fire Safety and the training he undergoes himself is internationally recognised with continual assessment from the British Fire Brigade. Mainpoint Fire Protection Ltd is also audited members of the British Fire Consortium; set up to ensure fire industry standards.
- What you will learn?** Basic life saving first aid and workplace health and safety regulations.
