## Fire Warden Training Course

- Venue:** Your site (or TBA)
- Dates:** TBA
- Times:** TBA (Course takes up to 2 hours)
- Price:** £225.00 (plus VAT). The course price is for up to 10 **students, who have already completed the Fire Safety Course** and is to run concurrently after the fire safety course. The course includes all handouts and certificates.
- Course Philosophy:** This course will assist companies to comply with the Regulatory Reform Order (Fire Safety) 2005.
- Aim of the Course:** A course aimed towards people who have a good knowledge of fire extinguishers or fire safety. Either for personnel involved at a higher level with health and safety or for anyone wishing to gain a greater level of competence on this subject.
- Course Syllabus:**
- Description of the role of the Fire Warden
  - Implementation a floor sweep system for the safe evacuation of people from their workplace
  - Discussion of problems and hazards encountered during evacuation
  - The purpose of the fire drill
  - Implementation and audit of internal fire safety procedures
  - The importance of fire doors
  - Identification of fire prevention measures
- Trainers Qualifications:** Our trainers are Emergency Services trained and hold qualifications in teaching and assessing. They have many years practical experience in First Aid and Fire Safety. Their training is internationally recognised and undergoes continual assessment from the British Fire Brigade. Mainpoint Fire Protection Ltd is also audited members of the British Fire Consortium; set up to ensure fire industry standards.
